1. Introduction Training Manual

The training manual is a document that provides a walkthrough of the system to the user. This document can be utilised to train client support staff on how to use the system, so that they may answer any questions that clients may have regarding the system.

This training manual has two sections:

1. Client Training Manual.
2. Admin Training Manual.

The training manuals includes screenshots to help the reader understand the steps, as well as training exercises to help the user learn how to use the system on their own.

2. Prerequisites for Usage of the Vehlution Website

To be able to use the Vehlution web application effectively, there certain prerequisites that need to be met. These are as follows:

1. Access to the website:
 - a. A compatible desktop web browser (Google Chrome, Mozilla Firefox)
 - b. An internet Connection
2. User requirements:
 - a. Basic computer literacy
 - b. A basic understanding of how to access the internet

There are no other prerequisites, as the Ivtinocana team aimed to make the system simple to access and utilize.

3. Client-Side Training Manual

3.1. Registering for the Vehlution Website

3.1.1. Description

This section will guide you through the registration process on the Vehlution website

3.1.2. Expected Learning Outcome

- Be able to register on the Vehlution website

3.1.3. Prerequisites

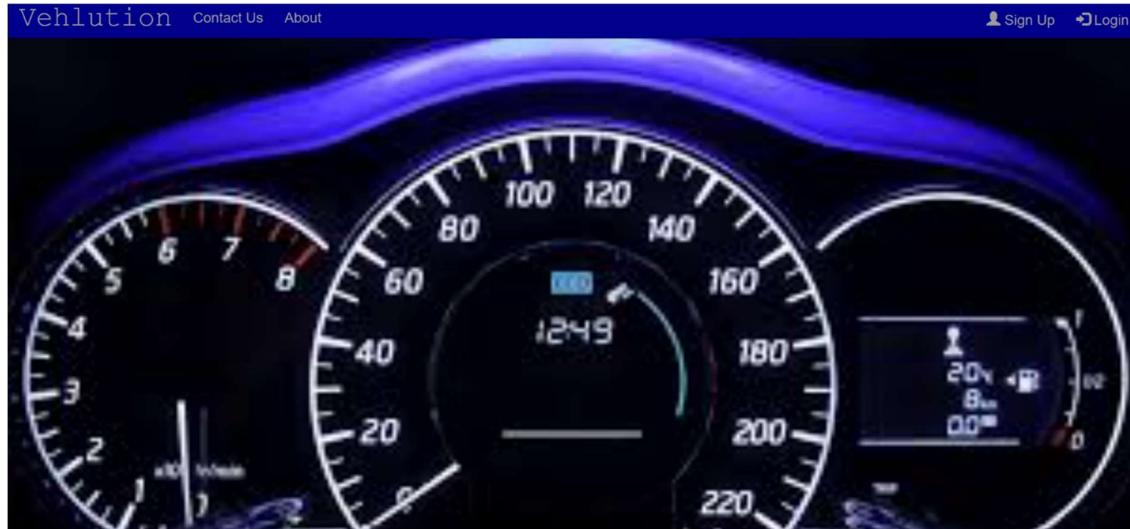

- Must have an HTML 5, JavaScript Compatible web browser (Google Chrome, Mozilla Firefox)

3.1.4. Registration Process

1. Navigate to the Vehlution website

The screenshot shows a car dashboard with various gauges. The main gauge is a speedometer ranging from 0 to 200 km/h, with the needle at 124.9. Below it is a tachometer with markings at 2, 4, 6, 8, 10, 12, 14, 16, 18, and 20. To the left is a fuel gauge with markings at 1, 2, 3, 4, 5, and 6. Above the speedometer is another gauge with markings at 100, 120, 140, 160, 180, and 200. The center console displays the date and time as 12:49.

DELIVERABLE 9

User Documentation

4.31.6. Other Information

You should now be able to generate all reports on the Vehlution website

4.32. Place supplier order

4.32.1. Description

This section will guide you through the process of placing a supplier order

4.32.2. Expected Learning Outcome

- Be able to place a supplier order

4.32.3. Prerequisites

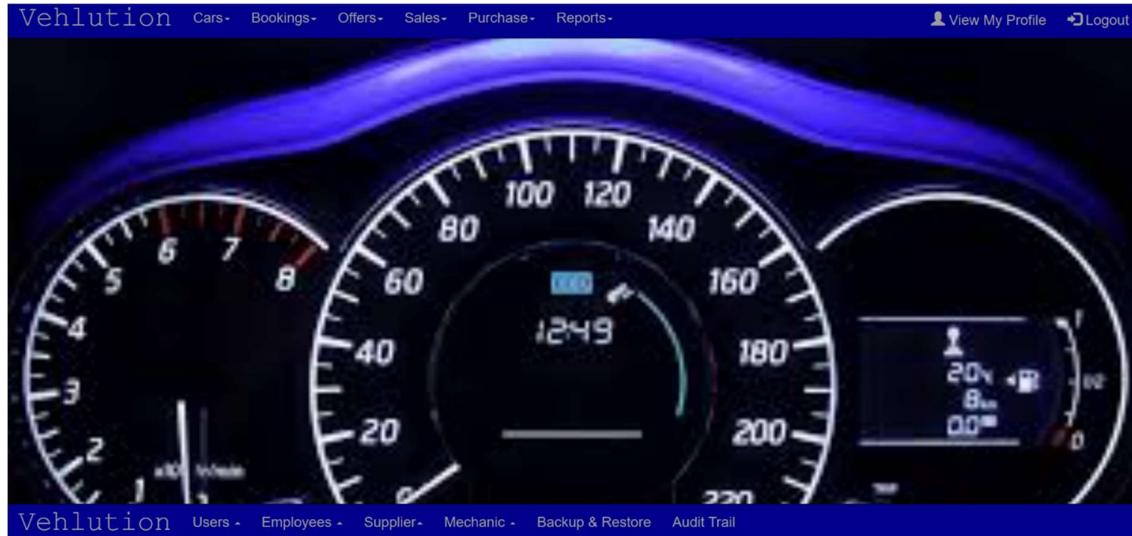

- Must have an HTML 5, JavaScript Compatible web browser (Google Chrome, Mozilla Firefox)
- Must be logged into the Vehlution system as an admin user

4.32.4. Place supplier order Process

1. Click on the "Supplier" dropdown on the bottom nav bar

DELIVERABLE 9

User Documentation

2. Click on the “place supplier order” option on the supplier dropdown

DELIVERABLE 9

User Documentation

A screenshot of the Vehlution application's dashboard. The interface features a large, illuminated speedometer-style graphic in the center. Below this graphic is a navigation bar with several links: Vehlution, Cars, Bookings, Offers, Sales, Purchase, Reports, View My Profile, and Logout. Underneath the main graphic, there is a yellow callout box containing three items: "View Supplier", "Place Supplier Order", and "View Car Part". At the very bottom of the screen, there is another navigation bar with links for Users, Employees, Supplier (which is currently selected), Mechanic, Backup & Restore, and Audit Trail.

3. Click on the “Place an order” button
